### 1900mm Height

With a greater height than most shower doors, the AquaPearl range of enclosures are a perfect compliment to modern low level Slimline shower trays.

### Polished Aluminium

AquaPearl enclosures are finished with a high quality polished aluminium frame and come supplied with polished chrome handles.

### Double Rollers

The AquaPearl shower enclosure comes supplied with pre-fitted durable double rollers on both the top and bottom rails giving long term reliability.

### Easy-Fit Installation

The AquaPearl shower enclosure comes partially assembled for easy fitting.

### 6mm Safety Glass

To ensure maximum safety, the AquaPearl shower enclosure has 6mm safety glass tested to both British and European standards.

### Easy-Clean Rollers

The AquaPearl shower enclosure comes supplied with spring loaded, 'Easy-Clean' bottom rollers allowing for easy removal of the sliding doors to aid cleaning.
